

Orienteering Event: September 7, 2016

Location: War Eagle Map Total number of participants: 66

An enthusiastic crowd of 66 people ranging from 6 to 83 years old ventured out to the last Wednesday night event of the 2016 season. It was great to see everyone in their element, whether strolling with a friend or racing at full speed.

Cranberries, ravens and eagles were plentiful in the McIntyre Creek area. The War Eagle map features some of the most technical terrain in Whitehorse with intricate rock and contour detail around the hoodoos and cliffs.

The novice course was dominated by an impressively deep field of juniors, some with parents in tow and some venturing out on their own.

On the intermediate course, Curtis Cash and Georgi Pearson outpaced the rest of the field, as did Justine and Barbara Scheck on the advanced course and Forest Pearson on the expert course.

Brooke and Pat Tobler were extra keen: after blasting around the novice course, they successfully tackled the advanced course.

Thanks to all the volunteers who helped out this season.
