The last regular orienteering meet of the season was held on the Takhini sprint map. Meeting on Range Road, the 55 participants enjoyed the sunny fall evening. Thank you to volunteers Justine Scheck, Lorna Hutchinson, Darryl Bray, Bob Sagar, Afan Jones and Barbara Scheck.

Four courses were planned to create a Just4Fun Relay event. The runners for Legs 1 and 2 were part of the mass start chaos. These two courses had variations to ensure that the participants didn't follow each other. Legs 3 and 4 were longer and took those runners into the forest north of the subdivision.

Many of the teams consisted of family members, with a couple of them having three generations in the makeup.

The winning team actually consisted of 3 team members with Dad, Forest running two legs.
