

Yukon Orienteering Association

Results: August 26th 2015

Location: Gunnar Nilsson & Mickey Lammers Research Forest,

Meet Director: Darren Holcombe

Volunteers: Lorna Hutchinson, Darryl Bray, Violet Van Hees, Darcy Olesen & Gerry

Willowmitzer.

Pleasant weather greeted the 56 participants at the Research Forest on Wednesday. This recently mapped area was used for the Western Canadian Championships earlier in the season and is now available for B-Meets. Two courses were available.

The novice course covered 2.0 kms of trails that took runners through a re-growing forest, along the edge of a dried up kettle lake and past the YTG research garden/fields. 11 groups, comprised of 24 competitors teamed up to complete the 14 controls. Sarah Fortin & Iliana Stehelin completed the course first just seconds ahead of a surging team of Brent & Stian Langbakk. These two groups covered the course in just over 15 minutes – and therefore travelling at an impressive 8 km/hr!!

The second course offered, a THOMASS event, had competitors who normally run Intermediate, Advanced or Expert courses all complete 7 regular common controls and a number of controls within a designated area (the BOX). A handicap system was used so competitors were required to complete anywhere from 0 to 8 additional controls within the BOX. Controls in the BOX could be collected in any order.

The handicap system was primarily based on age/gender with additional modifiers for the type of course normally run and finally whether the participant had won a medal at the recent Canadian Orienteering Championships.

A mass start added to the excitement when 31 runners turned over their maps and headed to their common controls. With a time of 32:27 Ev Pasichnyk was the first back to the finish just over a minute ahead of 2nd place Afan Jones. Leif Blake arrived seconds ahead of Ross Burnet to take 3rd. Similarly Micah Hildes pipped Lara Melnik by a few seconds to decide 5th and 6th place respectively.
