The final orienteering event of the 2015 season was a night-O held at Wolf Creek campground. It was a relatively clear, cool night - perfect for a night-O! The map was the same sprint map produced by Jim Hawkings for the night-O in 2014, except our contract mapper (Rob Plowright) pointed out that magnetic north had drifted by 8 degrees since the original map was made in 1995 - so, we fixed that! Erik-the-course-setter wasn't quite sure what he was aiming for in terms of race style, so the Elite course ended up being a rather punishing tripple-climb up the banks beside the campground - he apologizes. Several people got their feet wet in the north-west corner of the map - Craig was unfortunate enough to loose a shoe and his compass in a particularly deep spot (he did recover his shoe).
