

Regular Wednesday Night Meet
July 18, 2018
Map – Mt. MacIntryre

Forty participants showed up, despite the extremely wet evening. This section of the Mt. MacIntryre map has a very dense net work of trails, very dense vegetation, and sections with intricate and numerous cliffs and boulders. Participants returned with waterlogged and partial maps, stories of slippery trails and slopes, and (generally) wide smiles of accomplishment. The intermediate course was particularly challenging.

Thank you to Pia and Leif Blake for designing the courses, to Lorna Hutchinson for registration and post-race watermelon, and Ross Burnett for handling new memberships.

The next regular meet will be at the Research Forest August 1.

It is not too late to register to participate in the North American Orienteering Championships and Canadian Orienteering Championships being held in Whitehorse and Carcross August 17-24. You can also be part of the action by volunteering. All of the details can be found at www.NAOC2018.ca
