

July 1 2020 War Eagle event Results

Course Setter: Brian Horton

Controller: Afan Jones

Course notes: The Canada Day event took place on the War Eagle map on the Fish Lake Road. YOA was able to access atcoyukon land east of Pumphouse Pond with some intricate topography and old mineral exploration workings. A lower turnout this week with 23 orienteers. There were some issues with UsynligO not registering. And some disqualifications (dsq) on the expert course due to their missing the last control. Thanks to Brian Horton for planning his first ever event. Our recently arrived mapper from Salmon Arm, David Bakker excelled with a clean run on the expert as did Emily on the novice; Rima on Intermediate and Pippa on the advanced course
