

July 15-21, 2020: Croucher Creek Event Results

Course Setter: Pia Blake

Controller: Erik Blake, Leif Blake

Course notes: This event took place on the Croucher Creek map on the Long Lake Road. The map has a mixture of larger, feature-scarce hill sides and slopes where bearings are vital, and old remnants of gravel-extraction activity with intricate detail. The trail system varies between large, ATV trails and small, relatively indistinct trails and cut lines. There were some issues with UsynligO not registering, in particular on the advanced course. Many thanks to Erik and Leif Blake for course advice, Leif Blake for control checking, and Erik Blake and Sabine Schweiger for picking up controls. Congratulations to Emily Kralisch-Seguin for a speedy time on the Novice course, Jeremy Johnson for the fastest time on the Intermediate course and Anneke Aasman as the fastest junior, Erik Blake for a narrow victory over Philippa McNeil on the Advanced course, and Forest Pearson for his even narrower victory over David Bakker on the Expert course (3 seconds!).
