

May 6-12, 2020 Hidden Lakes meet**Course Setter and Event Planner** Colin Abbott**Controller** Afan Jones

Course notes: The first meet of the YOA quarenteering season took place in the hidden Lakes area south-west of the magnusson trails on Grey Mountain. 92 participants ran and walked through a semi-permanent course. This was the first time the Usynlig-O application was used in a B-meet in the Yukon. Approximately half the runners chose to run with the application to get a time and half without. The application didn't work perfectly, but it did provide a novel way of timing runners and helping those who found themselves lost! In the Expert category Forest Pearson finished with the fastest time of 1:04:54. Pippa McNeil won the Advanced race in a time of 51:59. The fastest adults on the intermediate course were Deb and Ken Kiemele in a time of 48:54. The fastest Junior on the Intermediate course was Stian Langbakk in a time of 35:08. Karin Keeley-Eriksson was the fastest of the adults on the novice course (32:30), followed shortly by the fastest junior, Anais Hildes (33:26). Thanks to Afan Jones for providing feedback on the courses and helping set/take down controls. Thanks to Forest Pearson for putting courses on Usynlig-O, and thanks to Erik Blake for printing maps and organizing their distribution.

<u>Novice (Junior) - 2.0km</u>	Time hh:mm:ss	Notes	Count
Anais Hildes	0:33:26		1
Charlotte Billingsley		took a map	2
Maria Billingsley		took a map	3
