**Course notes:** The third of the YOA quarantering season, this time on the brand new Yukon University map! Over 100 orienteers joined the quest. Orienteers on the Advanced and Expert courses were treated to an epic (Forest's word choice) long, 3 km leg between two checkpoints for extra route choice challenge. The Usynlig-O app continued to both delight and disappoint. Hint you do still need to read the map. In the Expert category, Colin Abbott finished in a smidge over an hour, well ahead of the competition. The fastest Advanced course runner was Philippa McNeil in 1:11. Among the Juniors, Anneke Aasman and Carl Turcotte finished a close first and second on the Intermediate course. Jeremy Johnson was the only adult to best Anneke on that course. Emily Kralisch-Seguin was the fastest Junior on the Novice course in 27:10. Thank you to everyone who helped this week - including Dave Hildes, Erik Blake, Bob Sagar and Ryan Kelly.
