

June 10-16, 2020 Yukon Championships – Middle Distance

Course Setter and Event Planner Kristina Gardner

Controller Afan Jones

Course notes: This was the middle distance event of the Yukon Championships, taking a break from several tough courses with easier terrain on the Hidden Lakes/Magnusson map. 75 orienteers enjoyed the lakes and vistas on this course. We are getting used to the UsynligO map, although a few intrepid orienteers noted that rainy weather kept them using more traditional methods to keep phones dry. In the expert category, times were very tight, with Colin Abott in first place with a time of 29:40. The advanced category was set up to entice a few intermediate folks off the trails. The fastest advanced course runner was Barbara Scheck with a time of 36:18. Jeremy Johnson was the fastest runner of the Intermediate course with a time of 27:57. Among the juniors, Anneke Aasman was the fastest runner on the intermediate course with a time of 33:42, and Molly Hanscom-Haines was the fastest junior on the novice course with a time of 15:39.

Thanks to everyone for your help this week, especially Afan for walking a newbie through Contes, and Forest for helping with UsynligO.
