Kopper King Meet Results

A total of 36 participants came out on a buggy, muggy summer evening.

A big thanks to volunteers Pauline Gallinat, Judith Van Gulick for helping with the registration table. Gratitude to Pauline for sticking around after running an advanced course to go back out and take down the novice controls while pursued by hordes of blood thirsty insects. Also, thanks to Leif Blake for helping with control pickup. The meet organizers were Virginia Sarrazin and Bob Sagar.
