

## Results for the May 5 B-meet

The first orienteering meet of 2021 was held in Shipyards Park on Wednesday evening. A total of 61 members came out to enjoy brisk, mostly sunny running along the waterfront south to the YG building. We have participants in strollers up to 80+ in age. This was an urban sprint race, meaning that the courses were not as technically-challenging as forest orienteering, but tested speed and endurance as the courses got longer. It was good to see some of our juniors taking on longer courses. Hopefully the snow will melt out of the woods soon and we can get back to running there as well.

The 1.0km Novice course saw a lot of our Junior orienteers trying out the course in groups or with the parents. The 1.6km Intermediate course had some tight finishes between the boys and girls, with Anneke Aasman having the fastest time. The 2.6km Advanced course saw relative newcomers Rachel Moser and Jeremy Johnson leading those with more experience. For the 3.6km Expert course, the junior orienteering coach for 2021, Emma Waddington from Hamilton Ontario, took the field over all rivals!

Thank you to all our volunteers helping with course setup, take-down, and registration.
