

HIDDEN LAKES / MILES CANYON

SELF-START JUNE 30 – JULY 8

Course planners / meet directors : Craig Brooks, Kelly Tabuteau

This self-start meet included our traditional four courses, plus an optional, on your own time, Score O. The expiry date was extended when the July 7 in-person B meet was postponed due to COVID.

Located north of Miles Canyon bridge with courses 2, 3 and 4 going over the Chadburn Lake road into the ski-trails, there was a mix of terrain for all abilities. Courses 3 and 4 had a high scenic viewpoint, with amount of climb dependant on route choice! Participants use Maprun6 to indicate when they were at controls (with some glitches as we are learning this app)

Scenic views along the Yukon riverbank (but not too close!) also greeted competitors, and the area ski-trails provided some opportunities for parallel errors.

There was good feedback to the optional Score O, as was self-spaced, on your own. It was basically a master map with a few controls that were close to each other (and would have been confusing) removed.

Less than 10 times are entered into the Google Docs spreadsheet, so only recording participants.
