

The first Forest Orienteering event was held on 15 May. Fifty-four participants enjoyed the forests, sandy trails, and changeable weather on courses organized by the Yukon Orienteering Association (YOA). The snow was all gone from the ground but the skies provided a hint of flurries, rain or hail. The fastest times were by Carl Embacher, Novice Course; Daniel Dreisitic, Intermediate Course; Peter Embacher, Advanced Course; and Leif Blake on the Expert Course.

Thanks to Afan Jones and Bruce McLean for the courses; Jill Pangman and Phillipe Cote Jacques for help with the setup and takedown.

The next meet will be held on the evening of 30 May, see the YOA website for details.
