Robinson Roadhouse Forest Sprint Results

A total of 21 participants came out on a pleasant warm evening forest sprint on the Robinson Roadhouse map to kick off the Mt. Lorne Orienteering Festival Weekend. We offered 3 courses (novice, intermediate and advanced/expert) in the open runnable forest with numerous small clearings and some nice technical terrain, but not too physical due to the modest relief of mostly small depressions on the 1:5,000 map with a 2.5m contour interval.

Thankyou to the volunteers who helped me put on this meet. Thanks to Craig Brooks who helped with the registration setup and to Afan Jones who helped with control pickup. The meet organizer was Bob Sagar.
