

## July 17, 2024

Score-O on the Chadburn Lake ski trails had a total of 31 controls and participants had an hour to get as many controls as possible. If you went over the hour you were deducted 5 points for every 2 minutes. The controls varied between 10, 20 and 30 points depending on the distance and difficulty. The weather was not looking promising but stopped raining just before registration opened but the forest was still pretty wet for the 21 participants.
