

July 24, 2024 Hillcrest Sprint Results

We had 54 participants out to partake in a fun, but wasp infested, sprint course in the Hillcrest trails on a hot July evening. Extra challenges were presented by the number of trails in and around Hillcrest, and elevated pond water levels. Many thanks to Forest and Bob for helping with setup and registration! Team Cronmiller-Scheck led the Novice course, and team Nishikawa led the Intermediate. Congrats to Darren and Philippa for fast work on the Advanced course, and Colin and Dahria for showing us the speed on the Expert course!
